SIMPLICITY
How to operate

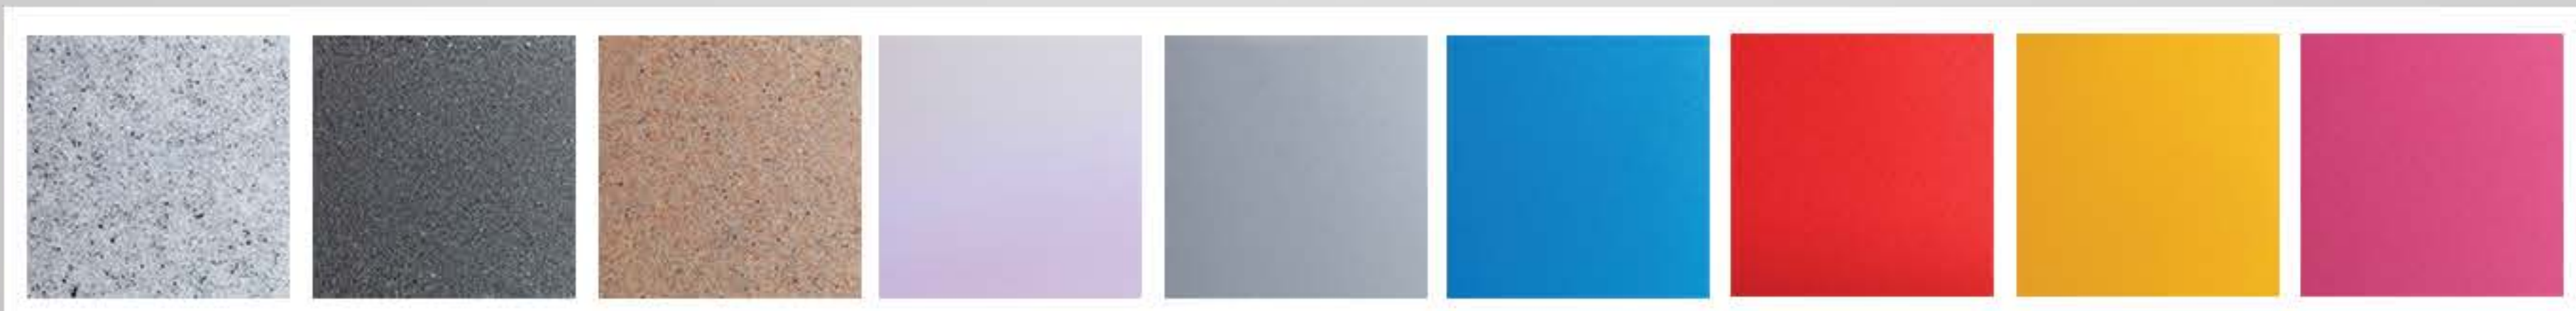

The Next Generation Swimsuit Dryer

Ergonomically designed, ascetically pleasing and easily installed.

Some of the many benefits of the domed dryer include:

- Subtle and modern design
- Wall mounted
- Quiet operation
- Free from sharp edges
- Fast drying capability
- Made from high density resin
- Hygienic, with removable top cover
- Teflon coated body for easy cleaning

MULTIPLE COLOUR OPTIONS

DOMED DRYER
Wall Mounted

2nd Generation Swimsuit Dryer.

Our latest product has been designed in response to the growing demand for the Swimsuit Dryer to be installed seamlessly into any counter top unit. These include cabinet tops, work tops and other similar surfaces.

With all the benefits of the classic domed unit and more, the 2nd generation is the perfect addition to your leisure facility.

COUNTER TOP UNIT

TECHNICAL

Technical Information

HELP THE ENVIRONMENT AND SAVE MONEY.

By removing the need for offering plastic bags for wet swimsuits you can help **reduce your environmental footprint.**

DID YOU KNOW?

- 8 Million tonnes of plastic are dumped into our oceans each year.
- 90% of seabirds have plastic in their stomachs.
- 1 in 2 marine turtles have eaten plastics.
- Our swimsuit dryers can remove upto 95% of water reducing the need for putting wet swimsuits in plastic throwaway bags.

By reducing the need for single-use plastics you can play your part in the worldwide reduction of plastic pollution.
